

Little People of America

Dwarf Athletic Association of America

Sports Exploration Day:

Bring the family!

1:00 to 3:30 PM, Saturday, October 20, 2012

at MSU's Demmer Center

4830 East Jolly Road, Lansing MI 48910

The Motor City and Mid-Michigan chapters of Little People of America, in cooperation with the Demmer Center, invite you to celebrate National Dwarfism Awareness Month with us, as we gear up for the 2013 World Dwarf Games next August 3-10 at MSU! This family friendly event will feature:

- **Kurling** demonstrations, AND a little competition to identify our best Michigan Junior Athletes in preparation for the World Dwarf Games. Kurling is a big sport in Europe, where junior LP athletes already have a head start, so here is a chance for our young athletes to learn the sport and start honing their competitive edge! More info at <http://www.2013worlddwarfgames.org/index.php/sports/kurling.html>
- **Archery** demonstrations, with safety reviews and an opportunity to try recurve bows and crossbows just like the competition set-up for the 2013 World Dwarf Games next August at MSU. Everyone (not just LPs) will have a chance to try their hand. More info at <http://www.2013worlddwarfgames.org/index.php/sports/archery.html>
- **Pistol** demonstrations, also with safety reviews and an opportunity to try the type air pistols to be used at the World Games. More info at <http://www.2013worlddwarfgames.org/index.php/sports/shooting.html>
- A **mega-pot luck**, with the best family recipes from the East and West sides of the state! (So do bring a dish to pass).
- A chance to meet with your LPA family friends, some of the key people behind the 2013 World Dwarf Games, and the delightful staff at the [Demmer Center](#) with Center Director Michael Galella!

If you are new to Little People of America, or the Dwarf Athletic Association of America, we would be especially pleased to have you and your family drop in and spend some time with us! Questions? Contact Len Sawisch at len@sawisch.com or call 517-393-3116
